### **How it works**

Powered by KEV Group, SchoolCash Online is the industry leader in the safe and secure management of school fees.

Schools post their items and activities and assign the relevant fees to your student, so you can then make purchases online using any MasterCard and Visa card products. **There is a processing fee already added into the price (this goes to the company, not the schools).** This allows you to stay informed about upcoming school activities while keeping track of the school fees that require your attention.

Thank you for your support!
